

CHILLCHILL，一个数字艺术家。毕业于四川美术学院油画系，现工作生活于上海。从小学习绘画的他，发现绘画无法满足他探索表达的需求后，转向虚拟3D的艺术创作。虚拟3D对他来说更加直接和实验，但3D对他来说并不是一种媒介，而是一种生产新问题的思考系统。他和电脑共同创作，他负责挑选那些他关心的日常现实扔进虚拟世界，让电脑随机搅拌、混合生成出一种始于现实最终又非现实的新问题，最终它们合作产出的作品内容涵盖了神话、共享经济、吃播、算法与劳工等等。作品‘亚洲共享天堂II’提名NOWNESS天才计划奖（2019）。影像‘缸中之脑’、‘SHAMAN’在NOWNESS ASIA平台推荐发布。凭借独特的3D视觉与众多品牌进行合作，例如WINDOWSSEN、FARFETCH、DAZED、NOWNESS、TEAM WANG等。

CHILLCHILL, a digital artist. Graduated from the Oil Painting Department of Sichuan Academy of Fine Arts, and currently lives and works in Shanghai. He studied painting since childhood, and found that painting could not meet his needs for exploration and expression, so he turned to virtual 3D art creation. Virtual 3D is more direct and experimental for him, but 3D is not a medium for him, but a thinking system to generate new topic. He is co-creating with the computer. He is responsible for selecting the daily reality he cares about and throwing it into the virtual world, allowing the computer to randomly stir and mix to generate a new topic that starts from reality and ends up being unrealistic. In the end, the content of their collaborative work covers The myth, the sharing economy, mukbang, algorithms and labor, etc. The work "Asian Shared Heaven II" was nominated Nowness Talent Project Award (2019). The videos "Brain in a Vat" and "SHAMAN" are recommended for release on the NOWNESS ASIA platform. He cooperated with many brands with unique 3d vision, such as WINDOWSEN, FARFETCH, DAZED, NOWNESS, team wang, etc.
